Cilji in kompetence:

Cilj predmeta je študentom zagotoviti osnovni, vendar širok pregled temeljnih psiholoških procesov, ki so relevantni za pravo in ki vplivajo na pravno odločanje. Namen predmeta je spodbujati interdisciplinarno mišljenje in opažanje psiholoških fenomenov, s katerimi se srečujemo pravniki, predvsem v sodnem kontekstu. Slušatelj dobi sposobnost prenosa spoznanj iz psihologije na pravo in se je sposoben orientirati po relevantni psihološki literaturi.

Objectives and competences:

Subject's objective is to provide students with basic, however broad overview of fundamental psychological processes relevant for law and the ones which can influence legal judgements. It is the intention of the subject to stimulate interdisciplinary thinking and perception of phenomena which lawyers get in contact with in the judicial context. Students develop an ability to transfer psychological understanding to a legal context and are able to get an overview of the relevant psychological academic literature.

Predvideni študijski rezultati:

Znanje in razumevanje:
Študentje bodo bolje razumeli osnovne psihološke mehanizme, ki delujejo (tudi) v pravnem kontekstu. Tako bodo pridobili osnovna znanja o psihopatologiji, ki je lahko pomembna za razumevanje kazenske zadeve, o osnovnih psiholoških mehanizmih, ki vplivajo tako na sodniške odločitve kot na udeležence v postopkih, hkrati pa bodo dobili tudi znanja o uspešnih načinih komunikacije. Razumeli bodo nekatere socialno

Intended learning outcomes:

Knowledge and understanding:
Students will develop a better understanding of basic psychological mechanisms which are present (as well) in a legal context. They will gain basic knowledge on psychopathology which can be relevant for better understanding of a criminal law case, as well as knowledge on fundamental psychological mechanisms which influence judicial decisions and influence other participants of legal proceedings as well. They will gain knowledge on
